*Dear Scots:*

Happy New Year! I hope you enjoyed the holidays and were able to spend time with family and friends (and hopefully a fellow Scot or two). While the campus has been quiet for the second half of December, students will return shortly for the start of another fabulous semester.

In the next several months, you will begin receiving communications around some exciting new features of our online alumni community. One of these new features will be an online class notes submission, where you will be able to submit your own notes and photos, along with the ability to search and read class notes.

In addition to class notes, we will also feature an online alumni directory. Alumni will be able to edit their personal information and make private the information they do not wish to share with others. Alumni will be able to search for classmates by name, region, and class year. In addition, you will be able to message other users directly within the site.

More information will be coming soon. I look forward to sharing these additional benefits with each of you.

Cheers!

*Thomas McArthur*

Assistant Vice President for Alumni & Family Engagement
